FORKLIFT OPERATOR TRAINING

Illinois requires all forklift operators to obtain a license to avoid OSHA sanctions and possible penalties. Forklift driving is no simple matter; it causes more than 100 deaths each year. If you are looking to raise your career to the next level or are an employer ensuring your workforce is safe and in compliance, forklift operator certification from the National Safety Council is available through South Suburban College. This 8-hour Certification course covers the basic forklift driving skills needed to obtain your Forklift Operator Certification. A Certification Card from the National Safety Council will be issued to the student upon successful completion of the program.
